This school year, Augusta Independent, a small school located in Augusta, KY, has been very successful in terms of accomplishments. The student athletes of Augusta Independent Schools have given the school and the community many reasons to show their pride in the orange and black. Heading into the 2013 8th Region Archery Tournament on March 2nd, the A - Town Archers wanted to do their part in keeping the momentum going.

Kentucky started its statewide archery program in 2006, and in the past many individual students and teams have enjoyed huge success. Up until this year the archery programs across the state have been governed by the National Archery in Schools Program (NASP). In 2013, the Kentucky High School Athletic Association (KHSAA) officially recognized Archery as a sport and set up its first ever regional and state competitions. Backed by the KHSAA, the number of schools and students competing in archery has ballooned all over the state.

The 8th Region Archery Tournament saw over 500 archers from nine high schools, nine middle schools and four elementary schools compete for both the NASP and KHSAA Regional championship and the right to represent their school on the state level. The A-Town Archers had been practicing for most of the spring and that practice paid off to the tune of Augusta finishing as the 2013 KHSAA Region 8 Runner Up, as well as finishing in 3rd place in the 2013 Region 8 NASP standings. A couple of individuals were able to medal during the 8th Region Archery Tournament. Olivia Wiseman, a junior, place 4th overall for all female archers, and 6th grader Katie Gilbert was the highest scoring 6th grade female archer and was awarded the first place medal. This was Katie's first year of competition.

As the 8th region runner-up the A-Town Archers earned the right to qualify for the 2013 Kentucky State Tournament. They traveled to Louisville, KY, on March 18th and 19th to represent Augusta Ind. in the KHSAA State Archery Tournament. The state tournament was the largest state championship ever conducted and the 2nd largest archery competition in the world.

God Was Once Like Us

A central tenet of Christianity is that God became man in the embodied form of Jesus, in order that we might know how to live a godly life. Christians don't expect to become gods, but we do hope to become more godlike by following the example of Jesus. There were a host of heresies in the early Church concerning Christ's divinity. The Arian heresy claimed that Christ was divine but created, and thus not con- substantial (of the same substance) with God the father. Others believed that Christ was divine but not human, arguing that his suffering on the cross, and any other suffering which he underwent, were mere illusions. These issues were largely

settled at the first council of Nicaea in 325 AD, which asserted in the Nicene Creed that Christ was "God from God, light from light, true God from true God, begotten, not made, one in being with the Father." But, in what sense was Christ fully human? Christ's humanity is, ironically, more of a mystery than his divinity. How could God become man? The Gospels are essentially an attempt to answer that question, or at least for God, in the form of a man, to show us how to live a fully human life.

—Christopher Simon

"In your relationships with one another, have the same mindset as Christ Jesus: Who, being in very nature God, did not consider equality with God something to be used to his own advantage; rather, he made himself nothing by taking the very nature of a servant, being made in human likeness."

"I know this is the place for me."

As healthcare professionals, we look for the best standards of care. And leading-edge technology. And we look for a sense of family both inside and outside hospital walls. New upgrades to our cafeteria, advances in our medical imaging and our electronic medical record are just a few of the examples of how we're improving to make our work more efficient and more accurate. So it's not surprising that Harrison Memorial Hospital was chosen as one of the Best Places to Work in Kentucky three years running. It feels great to know I've landed where I need to be, and my patients are all the richer for it.

May we remember that just like Peter, we are capable of rebelling and straying from the fellowship of our Lord. And like Peter, we can have our fellowship with God restored when we return to Him in brokenness and true humility.

On this very snowy Mar. 17 we had 61 to SS and 101 to worship service. We were glad to have Colby Davis with us. He is stationed in Alaska. Jane Nelson played for communion "O, What A Savior" and for offering "Showers of Blessings". Under the direction of Darrin Young, our choir sang "Welcome The King".

Remember in prayer: Mildred Douglas, Bobbi Jo Welch, Justin McElfresh (had tumor removed), Deanna McDowell, Christen Myers, Betty McElfresh, Madisyn Clos, Debbie Cortner, Phyllis Wolfe, Gail Ann Jennings (pneumonia), Carl Dickson (2 blood clots), John Cooper, Ruth Nickerson, Bro. Jackie, Bobby Clos, Sue Bishop, Eric Clos, Tony Rogers, Lisa Collins, Clay Cobb. Sympathy and prayers go out to the families of Linda Curtis and Verna Gordley.

Bro. Jackie's message was "Gethsemane". Matthew 26:36-46. Jesus submitted to do God's will and so should we.

We had 18 to Bible Study. Sandy and Albert Blevins and Rosemary Schiltz had delicious refreshments. All are welcome.

"You Are the Christ" Easter Drama at Brooksville Christian

Brooksville Christian Church will be presenting the Easter Drama, "You Are the Christ", on Wednesday, March 27, at 8:00 p.m. and Friday, March 29, at 8:30 p.m. The play is a fictional account of real events. The play is told from the viewpoint of the Zealot, a revolutionary waiting for the Messiah to deliver Israel from Roman occupation. By following the transformation of this man as he encounters Christ, we see the truth of the Gospel for our own lives.

Everyone is invited to attend this free event at the church at 148 W. Miami Street, Brooksville. The cast includes John Elfers as Jesus, Ron Moser as the Zealot, Alex Hyreza as Pilate, Scott Smith as the Centurion, Nicholas Rice as the Captain, Perry Poe as Peter, and many others of the church in supporting roles. Come be reminded of the power of the Risen Lord to change who we are.

NEW ZION BAPTIST by Sheril Fletcher

GREETINGS FROM ST. JAMES

by Caroline Jefferson

Ms. Debbie has been suffering from a strep throat infection and we pray that she gets well quick! Our prayers are also sent heavenward for Tony Rogers who will begin treatments for inoperable brain tumors. We have a God of miracles and implore His merciful blessings for all those suffering from any physical, mental or spiritual issues!

On Wednesday evening, March 20, Ms. Debbie will lead us in the Stations of the Cross followed by Communion Service. Eucharistic Adoration is Thursday and Fr. Greg will be available beginning at 7 p.m. for the Sacrament of Reconciliation. Our last Friday Fish Fry of the Lenten Season will be this Friday from 5 p.m. till 7 p.m. at the Parish Hall. Sincerest appreciation is extended to everyone who has supported our parish with this fundraiser and to all the parishioners who have worked to make this a successful project. On Sunday, our liturgy includes the reading of the triumphal procession of Jesus into Jerusalem and His Passion and Death and we invite all to participate in this most spiritual experience. Following the Mass celebration, we invite all to our monthly Fourth Sunday Breakfast in the Parish Hall.

PRESBYTERIAN POTPOURRI

by Les Grooms, pastor
Augusta Presbyterian

We had our fifth Lenten service this past Wednesday in the St. Augustine Church. Bill Clos, Steve Wheeler, Frank Estill, and I conducted the service. The weather was not great but we had about 65 present. A fine luncheon was provided by the Parkview Restaurant. The Parkview provides the food for one of the services each year.

This coming Wednesday the Lenten service will be held in the Church of the Nazarene. The last service of the year will be back in the Presbyterian Church on March 27. During the last service of the year, the three digit challenge will be issued. This will encourage worshippers to give at least \$100 to benefit the Ministerial Association.

Weather kept a number of worshippers home Sunday. We had forty-five who braved the snow to come and worship. Millie Bush led the worship service, Susie Hargett led the singing, Shelby England had children's church, and Jill White did the power point ably assisted by her husband Josh.

Next Sunday will be Palm Sunday which honors the triumphant entry into Jerusalem by Jesus. Our children will begin the worship service by circling the sanctuary waving palm branches. This is such a joyful event and I am looking forward to them taking part in the worship service. Gretchen England and Lynn Darnell will be in charge of getting the children lined up for the processional. Our sanctuary will be decorated with 18 Easter lilies that have been purchase in honor of or in memory of someone.

FARMERETTES

Farmerettes met at Sue Baker's home at 1:30 p.m. on Mon., Mar. 11. Connie Bowling, president, opened the meeting. Carolyn Taylor gave the devotional "Spring". Connie had prayer. We enjoyed gathering for lunch and catching up on what had been going on, as we had missed our meeting in Feb. due to bad weather.

The secretary's report was given by Patty Ann Moorhead in Carol Klaber's absence and treas. report by Madeline Burgoon. Roll call was answered by telling "What you would like your pot of gold to be at the end of the rainbow". Took some extra thinking to answer.

Amy Mains, from Bracken Co. Health Dept., had given the lesson at the Extension Office which Virginia Ann Bowles gave us. We received a lot of good info. on "Preparing for Emergencies". We need to have a "Grab & Go Box" which has copies of our important papers & records, medicines, money, phone numbers to get in contact with a person not local in case family members get separated. We need to have a supply of water, food, medicine, money, and each family member know the plans. We played the game "My Emergency Kit" with Carolyn Taylor winning.

Patty Ann gave Feb. lesson "Heart Health For Women". All women need to know signs of heart problems as there are many different signs. Women need to seek treatment immediately to save lives. We learned about "CPR hands only". If you don't know how to do this, find out and practice.

Connie reported on Council Meeting. International Night will be at the Extension Office Apr. 19 from 6-8 p.m. Our club is glad to have Johnny Parker helping us tell about Africa. We discussed making some African foods to sample.

It was decided to attend the Kincaid Players summer production of "Joseph and The Amazing Technicolor Coat" on July 11 with alternate date July 18. The County Annual Meeting will be June 27. Carolyn had a history game about the Presidents' wives.

We were glad to have Extension Agent, Shannon Smith, and former member, Kitty Rigg, as guests. Other members attending were Martha Peddicord and Audrey McKinney.

Our next meeting is Apr. 8 at 1 p.m. at the Extension Office.

TRIPLE RIDGE

Triple Ridge Homemakers met Mon., Mar. 11 at the lovely country home of Karen Russell. To begin a speaker was introduced - Amy Appelman, daughter of David Appelman. She presented a lot of info. from her recent trip to Germany to educate the club for their International Night presentation in May. Amy presented many pictures of Germany and the foods she had. Told of a lot of the foods served in Munich - mostly pork - no chicken - lots of beer. A very good presentation.

Hostess, Karen Russell, served an attractive & delicious array of refreshments before the business meeting. Following, Pres. Judith Richards called the business meeting to order. Pledge was given by the group. Inspiration on "Springtime" was read by Roberta Shepherd. Very appropriate for our coming season. Thought for the day began with "May the road rise to meet you".

Roll call was answered to "What you would want to find in your pot of gold at the end of the rainbow?" So many answers - health, family, friends, and one special husband. I won't mention his name so each husband will think maybe it was him!

Treas. report was given by Brenda Welte. Agreed to go ahead with donations to each fire dept. in the county. Several items were brought for the Women's Crisis Center. Pres. Richards will deliver them. We still have cookbooks to sell. If anyone would like some good recipes get one of these and you will have the best.

The county homemakers want empty wine bottles to make lights at the state meeting. Dinah Byrd at the winery will help get some. Guess some of us don't have ours empty yet!

Janice Hicks told of a "Journey of Praise" being done by Fairview Christian Church. Brenda Welte presented a lesson on Emergency - How to be prepared for disasters.

We discussed all that had to be done on our International Display on Germany. Will complete at next meeting which is Apr. 8 at Brenda Welte's. And of course this club has to have their educational program. This was given by Margarette Carl, game leader. She asked for some response on history questions and then about the Presidents' wives. Hope all these club members know a lot about the present for their knowledge about past history is vague.

The club was thrilled to have two new members - Millie Bush and Martha Evans. Meeting adjourned.

Adopt-A-Shelter-Dog

This small Terrier mix needs a forever home. We presently have a Husky and several nice mix breed dogs. The last two weeks have been very busy investigating animal neglect and primarily the starving horses and other livestock. During the last portion of winter its obvious that many large animal owners ran out of hay and did not want to purchase more. Winter keeps lingering and adequate new grass is still several days away. Horses and cattle can loose a great deal of their body fat swiftly without daily hay or grain. It is simply not humane to starve animals. Call The Bracken County Animal Shelter at 735-3475 to report anyone not feeding their animals.

Use caution around live poultry at Easter to prevent the spread of Salmonella

With Easter only two weeks away, many children will receive a baby chick or duckling as a gift or will see them at a petting zoo. After touching ducklings or chicks, adults and children alike are encouraged to wash their hands so they don't get sick. Contact with live poultry (chicks, chickens, ducklings, ducks, geese, and turkeys) can be a source of human Salmonella infections. The Salmonella germs can cause a diarrheal illness in people that can be mild, severe, or even life threatening. Chicks, ducklings, and other live poultry can carry Salmonella germs and still appear healthy and clean. Salmonella germs are shed in their droppings and can easily contaminate their bodies and anything in areas where birds live and roam.

To protect yourself and your family from the Salmonella germ,

Do: wash your hands thoroughly with soap and water right after touching live poultry or anything in the area where they live and roam. Adults should supervise hand washing for young children. If soap and water are not readily available, use hand sanitizer until you are able to wash your hands thoroughly with soap and water. Also, clean any equipment or materials associated with raising or caring for live poultry outside the house, such as cages or feed and water containers.

Don't: Don't let children younger than 5 years of age, elderly persons, or people with weak immune systems handle or touch chicks, ducklings, or other live poultry. Don't let live poultry inside the house, in bathrooms, or especially in areas where food or drink is prepared, served, or stored, such as kitchens, or outdoor patios. Also, don't snuggle or kiss the birds, touch your mouth, or eat or drink around live poultry.

Farmers Breakfast held at Bracken Co. Extension Office

Pictured above are FFA members Branden Cummins and Steven Cummins, John Parker, Danny and Phyllis Holleran, Andrew Appelman, and David Appleman.

The Bracken County Ag Advancement Council held an old fashioned farmers breakfast at the Bracken County Extension Office on Tuesday, March 19th. Helping with this year's breakfast were members of the Future Farmers of America at the Bracken County High School. The breakfast coincided with the March 19, 2013 AG Day.

According to information provided by the USDA Farm Service Agency, "Generations Nourishing Generations" is the theme for this year's Ag Day. Our country's farmers and ranchers work hard to provide food and clothing for our country and the world. Their dedication is an inspiration to us and to the next generation of farmers and ranchers. Without them, we would not have the abundant food supply, the fiber, and the fuel we depend on daily.

These men and women should be recognized for a job well done. Agriculture is America's number one export, and critical to sustaining a healthy economy. Kentucky's top agriculture exports are: tobacco, soybeans, corn, and wheat. We are ranked number 2 in tobacco and number 15 in corn and soybeans exports in the nation. Currently, Kentucky has 13.99 million acres dedicated to agricultural production. Some of our major commodities are corn, soybeans, and tobacco.

After the breakfast, farmers and local business people were invited to stay for an open discussion with a question and answer period about the forecast of agriculture in Bracken County.

TRASH TALK

by: Mr. Recycle Bin & Ms. Pick-Up Litterbug

606-735-9960

Howdy Folks! Wow! What a roller coaster ride of weather we experienced this past weekend – shorts on Saturday and winter coats on Sunday! Now the work week is beginning with thunderstorms and rain to melt the snow and unfortunately create flooding in some areas. Folks that live in flood-prone areas know the dangers of high waters, but we caution everyone to be aware of water on roadways. It only takes a few minutes for a dry area to become unsafe for travel, so please drivers, heads up when driving!

This is a terrible start to Commonwealth Cleanup Week and our C.U.B. Party! Last year 28,000 Kentuckians joined forces to pick up 65,392 bags of trash and 6,053 tires along 5,546 miles of Kentucky's roadways and also rid the countryside of twelve illegal dumps! We urge all Bracken County residents to join together to keep Bracken Clean in 2013! If this weather continues all week, it will be impossible to get any outdoor cleanups organized. In view of this, we will extend the deadline for entering an outdoor cleanup project in our C.U.B. Party to Thursday, March 28. Entries are due the following day to the Principal's Office of each school, Office of Judge Executive Earl Bush, Augusta City Building, Woodmen of the World Office in Brooksville and Office of Solid Waste Management. The drawing for the \$100 cash prize will be held on Saturday, March 29 at the Judge's Office. You are never too old or too young to clean the outdoors and enter your project!

Spring begins Wednesday, initiating the age-old ritual of spring cleaning, inside and outside! If anyone has any outdated, unused or unwanted electronic equipment, we remind you that our office has an ongoing electronic waste recycling program. Any component of a computer, along with rechargeable batteries and the product

they are used to power, cell phones, e-readers, electrical office equipment, etc. can be recycled. Items can be left off at our office door, or if you prefer, give us a call to set up a drop off time. Bracken County's e-scrap is picked up by Creative Recycling Systems which has a contract with the State of Kentucky to offer e-scrap recycling to any state agency, including schools and county entities. According to their website, gold is just one of the metals that is routinely retrieved during the recycling process and Creative Recycling Systems at full tilt, can process approximately 25,000 ounces of gold per year! Gold mining produces approximately 20,000 tons of waste to make just one gold ring, which is why it is one of the most destructive industries worldwide. Extracting the gold from computers can save over 500,000 tons of mine waste per year! Their website, www.crserecycling.com explains the company's goals and accomplishments including being a partner with the NASCAR Green project, recognition by National Geographic, Community Outreach and Nationwide Service Capabilities. Their recycling takes place here in the United States which is another plus for the company.

This coming Sunday the world celebrates Palm Sunday, followed quickly by Holy Thursday, Good Friday and Easter Sunday morning, representing the most important time of commemoration and celebration in the lives of Christians! We pray the next two weeks bring you many blessings as you meditate on Christ's sufferings as He struggled to bear His cross to Calvary, and rejoice with Him on Easter Sunday morning as we celebrate His resurrection! In appreciation for all He has done for us, we urge everyone to RECYCLE, REUSE and REDUCE to keep God's earth clean, green and beautiful! Be seen' you – Bin & Bug.

CUBS end season with a 14-4 record

The CUBS Basketball Team just finished their season with a record of 14-4. They have been playing in a 3rd Grade League and Tournaments this season. The team consists of five 1st graders, five 2nd graders and one 3rd grader. The team is coached by Brit Combess and Justin Rees.

They traveled to Carrollton, KY where they played in a basketball weekend tournament where ALL players, except our team, were 3rd graders. They had a great weekend where they finished 4-1 and were Runners-Up in the tournament. They only lost to South Ripley 3rd graders (Indiana).

Booster seat enhancement bill needed for greater child safety

HB 282 would bring Kentucky in line with 31 other states, all neighboring states

By Mike Hancock Secretary, KY Transportation Cabinet and Governor's Rep. for Highway Safety & Bill Bell Director, Kentucky Office of Highway Safety

Car crashes are the No. 1 killer of children 1 to 12 years old in the United States. According to the National Highway Traffic Safety Administration (NHTSA), the best way to protect them in the car is to put them in the right seat, at the right time, and use it the right way.

That is why it is critically important that the Kentucky General Assembly enact House Bill 282, the Booster Seat enhancement bill that is a key piece of Governor Steve Beshear's legislative initiatives for greater safety and protection of our most precious asset – our children.

Enactment of HB 282 would bring Kentucky in line with 31 other states, including all seven of our neighboring states, which require that children, once having outgrown harnessed child passenger seats, continue to use belted booster seats until they are 9 years old or 4 feet, 9 inches tall (57 inches).

The reason is simple: Motor vehicle seat belts were designed for adults, not children. But the added height of the booster seat enables the child to fit into a seat belt

properly.

Consider the case of an 8-year-old of typical height– 49 inches. Envision that child buckled into a standard seat belt without benefit of a booster seat. By virtue of being 8 years old, the child is legally restrained in Kentucky. But is he or she safely restrained?

Chances are that the shoulder belt is on the child's neck rather than the collar bone. The lap belt is up on the abdomen rather than over the lap and pelvis. According to Kosair Children's Hospital, the ill-fitting lap belt puts the child at significantly greater risk of serious injury to the liver, spleen, pancreas, kidneys and intestines in the event of a crash. The ill-fitting shoulder belt puts the child at much higher risk of a serious head or facial injury.

The following information from Kosair, drawn from 142 trauma cases involving children in motor vehicle crashes, was presented recently to the House Transportation Committee in Frankfort:

- All were restrained in seat belts.
- 70 percent were older than 7 and younger than 10 – so a booster seat was not required.
- All had injuries to internal organs.
- Half the children had head or face injuries, of which

30 percent were severe.

- 1 in 5 had large-bone leg fractures.

- One child had a traumatic amputation consistent with having a belt that was not snug.

Thanks to research by NHTSA and the American Academy of Pediatrics, we now know that our legal standard is not a sufficiently safe standard.

Our emphasis needs to be on what is safe, not merely what is legal.

HB 282 has been passed by the Kentucky House and now awaits action in the Kentucky Senate.

Over the years, Kentucky has taken important steps aimed at improving the safety of children in passenger vehicles. In 1982, the General Assembly passed legislation that for the first time required the use of child passenger seats, and in 1988 attached penalties for noncompliance.

The General Assembly followed up in 2008 with enactment of our current law, which requires use of booster seats for children under age 7 and between 40 and 50 inches in height.

HB282 is not complicated legislation. If enacted, the booster seat already being used by a 6-year-old would continue in use until the child turned 9.

We applaud the Kentucky House for having passed HB 282. We strongly encourage and eagerly await passage in the Kentucky Senate.

UK history of humble, add
2013; NCAA team nobody
wants to play? Rick Pitino's

As many as 20 teams have a legitimate chance to win the NCAA championship, basketball experts tell us. Since Kentucky Derby experts pour over equine details like scientists in Silicon Valley, before picking one Run for the Roses winner that seldom wins, isn't it refreshing that hoops experts blab at each for hours on air then are savvy enough to pick 20 to win?

First among any 20? Louisville.

Rick Pitino has his Cardinals at razor's edge. The ways UofL spotted Syracuse a 17-point lead, then dismembered the Orangemen, Louisville elevated itself to the No. 1 seed and team nobody wants to play.

Next!

HAPPY TO BE HERE DEPT.

Western Kentucky. With some fickle Topper fans quieted after yowling for the coach's scalp three weeks ago, Ray Harper's team ate the canary last week, sealed a 20-win season, earned a pay-check game against Kansas and civil right to smirk at and dismiss critics.

What can Western expect besides a whuppin from the Jayhawks?

√ Chance to show it can dance with a big dog in prime television time.

√ A 6-11 high school prospect gets to see coaching, poise, team work, determination and opportunity to play and decides to visit Bowling Green.

√ Another piece-of-the-pie pay-check into the coffers from the NCAA.

√ And, a flirtation with Harper by another school or two.

KENTUCKY

Those of us who've been around a few springtimes know the University of Kentucky basketball's Big Blue Nation has suffered a lion's share of embarrassments and humble pie moments. Add 2013 to the list.

√ Embarrassment because of their season. Their? Individuals who wore the same shirts, forgot Kentucky on the front, played for names on the back, theirs, and became good at ignoring their coaches.

√ Humble pie moment? For the fifth time since 1985, a defending NCAA champion was sent to exile. In Kentucky's case, a Pittsburgh suburb and the NIT. This week a few Post notes from the edge.

1. Bizarro World I. College basketball's winningest program could not host a first round NIT game because its home arena was already booked for NCAA top seed Louisville. And, 7,000-seat Memorial Coliseum was not available either because UK's athletics staff was already booked to host the NCAAs at Rupp.

Bracken County Boys Basketball Team
holds successful First Polar Bear 5K

Pictured left to right, 1st row: Ken Roark, Debbie Biddle (1st place overall female runner), Dawn Cooper, Marsha Godman (2nd place overall female runner) and Isabella Godman, Wyatt Cooper, Ambrose Wilson (1st place overall male walker), and Donald Wilson. Second row: Terry Underwood, Nick Jones, Jacob Hamilton, Cole Todd, Carolyn Bravard (2nd place overall female walker), Karen Wilson (1st place overall female walker), Robbie Davis, and Harper Smith. Third row: Sam Welch (Overall winner, 1st place male runner), Woodrow Robinson, Dale Thoroughman (2nd place overall male walker), Will Jones, James Cooper (2nd place overall male runner), Jimmy Hall, Macon Smith, and Ray Roberts. Race participants not pictured were Trevor Hargett and Stephanie Jefferson.

Photo submitted

The flurries and cold didn't stop the runners/walkers for The First Polar Bear 5K held by the Bracken County Boys Basketball Team on March 2. If anything, it was perfect weather. The running course was made safe for all the participants by the efforts of the Bracken County Road Department, the Bracken County Sheriff's Department, Brooksville Chief of Police Marty Hause, and Mayor Craig Hester. The graphics design for the First Polar Bear 5K was designed by Chris Yelton. Sponsors for this first ever event were Snappy Tomato Pizza, Randy's, Brooksville Child Care, Webber Farms Sausage, Bank of Maysville, Miller Lumber Co., Christy Jones, and Marsha and Joey Godman. Everyone is appreciated for their part in the success of the event. Without the community support, the 5k would not have been possible.

2. Bizarro World II. Kentucky did not accept a bid to the NIT so much as it was contractually bound to it by preseason agreement. Top tier teams not selected to the NCAAs must play, if chosen. in the NIT. Father of this arrangement? C.M. Newton.

3. Bizzaro World III. Robert Morris U's mail address is Moon Township near Pittsburgh. On February 10, 1959 a child was born in Moon. John Calipari.

4. Selection committee got the overall No. 1 seed right. Louisville.

5. College basketball's coach of the year is Rick Pitino. Preseason picked among the nation's top three, UofL got back to the penthouse at precisely the right time.

6. NCAA Tournament bracket. First thing I look for after "who's in and who wuz robbed," is seed matchups at 8-9 and 7-10. This time: Notre Dame and Iowa State (7-10) in the West; North Carolina State-Temple (8-9) in the East; but Creighton-Cincinnati (7-10) in Midwest. Enjoy.

7. This year's Add-Insult-to-Injury game: Kentucky AT Robert Morris U. The Colonials' home gym is Island Sports Center, seating capacity 1,100.

8. College arenas in Kentucky aside, our state has dozens of high school gyms with triple RMU's seating capacity.

9. Jon Hood retrospective. Basketball fans who root for teams at half dozen universities in Kentucky know Hood could have been an effective player "somewhere else."

Retro message is not new, but remains hard truth: A multitude of Kentucky sons have dreamed of playing at Kentucky or Louisville, but those who wanted to play instead of watch, examined scholarship options at other state schools.

10. If the Wizard of Westwood was picking winner of the John R. Wooden college player of the year Award, his choice would be the kid with a 3.7 GPA and Big East Scholar Athlete of the Year, and heart of his team, Peyton Siva at Louisville.

11. College basketball officials did not have a quality year. Most glaring public examples of how officials lacked courage:

√ Let games become too physical, ever more like the NBA.

√ Ignored coach box violations which emboldened coaches to violate the box, scream and harass referees all the more.

√ Hand checks by defenders and push-offs by players on offense. No calls.

Other changes I would like to see:

12. ESPN and networks covering college basketball eliminate the apparent good-buddy and ex-coach system as criteria for choosing game analysts. Particularly ESPN should re-calibrate, try something new like: Put a premium on word

economy instead of blitzkrieg. Promote analysts who tell us (quietly) "what time it is," instead of screaming "how to build a watch." (Jimmy Dykes).

Use America's most popular device of the day, a poll. Survey those who listen (and buy products), FANS on their favorites.

Moving on.

13. Tribute to mastery. Vanderbilt coach Kevin Stallings demonstrated (again) how to master Kentucky. The Commodores denied UK an SEC tournament title last year and delivered the last blow to UK's chance to defend its NCAA crown this year.

Clearly inferior to Kentucky talent, Stallings' team played like one and shot the way Kentucky teams used to do. In

obvious contrast, John Calipari's pleading, screaming and begging his individuals to be a team never happened.

WORTH REPEATING
DEPT.

E-mail from an angry Kentucky basketball fan.

"This group of individuals (I refuse to call them a team) has no heart, no guts, and are operating under the huge misconception that they deserve an NCAA invitation because they have the name Kentucky across their chests.

"Facts are facts and the fact is this simply is not a very good group of individuals. Perhaps sitting out a year will teach them all, coaches included, what hard work and team play means."

And so it goes.

Sheriff's Office 2012 Annual Report

Sheriff Howard Niemeier appreciates the citizens of for their continued support. The following is a summary of activities and programs for the Sheriff's Office in 2012. This is not an all-inclusive report but gives a good overview of the Sheriff's Office. During 2012 the Sheriff's Office participated in numerous events/programs presenting crime prevention information, i.e. school events, parades, festivals, etc. The agency also continued to post crime tips in the media to get information out to the community on crimes or scams that were taking place in the county.

The following programs were available in the county: Neighborhood watch program; Town Hall Meetings for distributing information to community; Shout Out Boxes that are in the Augusta and Bracken County School Systems; DEA Drug Take Back Program which runs twice a year (over 35 lbs. of drugs were collected and turned over to the DEA in 2012); and Prescription Drug Disposal Box that is available throughout the year at the Sheriff's Office for the disposal of old prescriptions and pills that may be laying around the house. The Sheriff's Office also took several kids down to the Sheriff's Ranch for camp.

In 2012, the Sheriff's Office initiated two new crime prevention programs. The first was the Sheriff's Citizens Police Academy which teaches citizens about the workings of the Sheriff's Office and the Criminal Justice System. Citizen Police Academy participants are selected through an application process. Enrollment is limited to 15 attendees to achieve a more personal experience for the participants. Attendees will experience some of the following topics during the training: FATS (Firearms Training Simulator); Crime Scene Investigation; Narcotic Investigations; DUI Procedures; Court Procedures; Patrol Techniques & Procedures; and other miscellaneous topics. The 1st Class graduated in November 2012.

The 2nd new program the Bracken County Sheriff's Office held was its first Shop with a Sheriff Program on December 18, 2012. The Sheriff's Office identified four children ranging in age from 7 years to 12 years in the community with the assistance of school personnel to participate. The children were treated to a meal at McDonald's in Maysville and from there went on to Walmart

where they were able to shop for some gifts for them or other family members. Chief Deputy Bob Scott, Sheriff Howard Niemeier and graduates of the Citizens Police Academy escorted children and assisted them shopping. The children had a wonderful time shopping and looking for items that they could take home and use. Each of the children also got the opportunity to ride in a police cruiser on this night. This program was a huge success due to the graduates of the Citizens Police Academy and their fundraising to pay for the program. Much appreciation goes out to these graduates for their support of the Sheriff's Office and this program.

Drug activity in the County continues to be a problem and the agency continues to address these issues with the resources that are available to the Sheriff's Office. They have the anonymous tip line for reporting of crime, the phone number is 606-735-2578. This anonymous tip line can be used to report any type of crime, but is especially set up for the reporting of drug activity in the County. However, if the crime is currently in progress call 911 so that a dispatcher can send an officer out immediately. The tip line phone is not manned continuously and may not get answered until the following day or on Monday if left on the weekend.

The Sheriff's Office has taken a strong stance against drugs and will continue to investigate them vigorously. The drug roundup in May of last year is an example of the work that they are doing to address this problem in the County. To date they have arrested 21 individuals and are still looking for others that are facing drug charges. The Sheriff's Office also conducted a Drug Sweep at the Bracken County High School and Middle School. This was done with the assistance of the Newport Police Department, Campbell County Detention Center and the Dayton Police Department K-9 units. No drugs were found during these sweeps of the schools.

The Sheriff continues to advise citizens in his conversations with them in regards to criminal activity in the county that they are not able to solve every case that we investigate, but this will not be due to the lack of effort on their part. During 2012 their clearance rate for cases by arrest was 47% compared to 42% for 2011. Both of these figures are very good considering the national average is only around 13%. He

promises you that they will investigate each case they get to the best of their ability. Should you have a problem with a case that they have investigated do not hesitate to contact him.

In 2012 the Sheriff's Office was also able to acquire equipment through the military surplus program to assist law enforcement agencies. The Sheriff's Office received two Humvees, a trailer and a generator through this program, value of all equipment is approximately \$98,043. This equipment will be used during disasters, severe snow storms and to locate marijuana grows throughout the county. The agency also received a fully equipped cruiser that was donated by the Park Hills Police Department, with a value of \$10,000.

The Sheriff's Office had four goals it wanted to achieve in 2012, these were:

Develop and Complete Citizens Police Academy-completed November 2012. Increase Enforcement/Arrests for Drug Related Crimes-drug sweep in May 2012 with 21 subjects arrested. Develop and Implement New Court Security Program for New Courthouse - hiring process has started and policies have been developed. Continue to Research and Apply for Grants - following grants obtained: CAD Grant \$79,369, Repeater Grant \$30,000, and Highway Safety Grant \$1,000.

The Sheriff's Office Goals for 2013 are as follows: Continue the Investigation/Enforcement and Arrests for Drug Activity in County, Complete the Move of Sheriff's Office to 2nd Floor of Courthouse, Hiring of New Deputy and Field Training for Deputy, and Implementation of New Court Security Program and Hiring of Court Security Officers.

The Sheriff's Office will continue to inform the Community through press releases, Facebook announcements, and any other means of activities of the Sheriff's Office and Crime tips in the county. The support of the citizens in the county is the driving force that continues to assist their agency in the solving of crimes throughout the county. It is a Community Partnership with the Sheriff's that will continue to help make this a safer county for all our families and friends to live, work and play.

Relay For Life gears up for 2013 Rally in September

It is that time again—Bracken County is gearing up for their annual Relay For Life event. The money raised from the relay is used for research, as well as, provides free patient services to any county resident suffering from cancer.

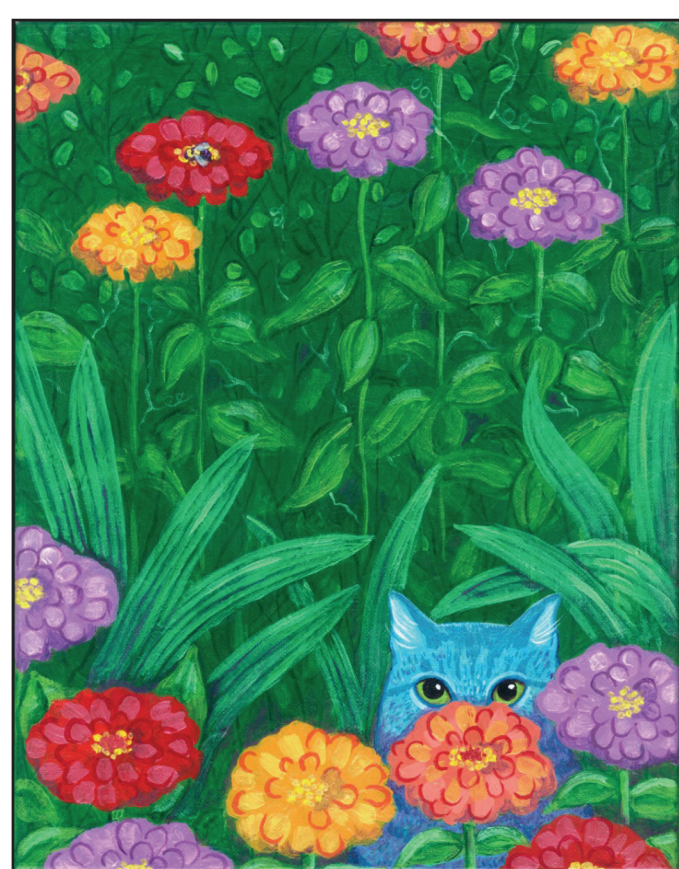

As many of you know from personal experience many lives have been saved from the new medicines, surgeries and technology that has been developed by funds raised from past relays.

Once again Pam and Eddie Hopkins have agreed to chair the event. It is going to be held at the Augusta Boat Dock and Park. The dates are September 13th and 14th, 2013. We are hoping for great things this year. The county committee has been working very hard and at this time has signed up 19 teams to participate. In 2012 the county raised over \$24,000.00. They hope to pass that goal and are hoping to raise \$30,000.00 this year.

In the next few days they will be mailing letters to all businesses and organizations in the county asking for their help. There will be enclosures explaining the different levels of participation. All of their donators will be recognized by signs marking the walking trail the night of the relay.

With everyone working together hopefully they can meet their goal.
